

**Safe Schools Committee**  
**November 20, 2014**  
**Carolyn Murphy**

The Safe Schools Committee met on November 10th and discussed the following:

Mr. Wilson presented a draft Emergency Management Plan that has been in development for the past year. This plan was developed in cooperation of Dr. Sean Arney, Principal of Montgomery Elementary School, Montgomery Township Police, Montgomery Township Department of Fire Services and North Penn School District. This plan is a comprehensive, site specific plan that guides the Staff and Administration through many potential incidents. This draft will be finalized in the near future and similar plans developed for each school.

Mr. Wilson and I discussed how we are working with North Penn's School and Community Engagement Department to expand North Penn's Safe School's web presence and community outreach in an effort to better inform the community of the district's Safe School's activities and programs.

Mr. Wilson and Mr. Schneider discussed recent meetings with Hatfield Township regarding hazmat shelter in place drills and with Towanencin Police to discuss their potential ability to view the district's surveillance cameras in case of an emergency.

I discussed a presentation that I viewed recently regarding an active shooter drill that Southern York School District recently conducted. This drill included the entire community, students, staff, and local and county law enforcement which taught Southern York School District many lessons. The Safe Schools Committee will have a presentation at our next meeting to discuss if North Penn will entertain conducting this drill.

The final items discussed include; future potential safe school grants which are being investigated for the future and an update of the current and future safe school projects.

The next Meeting of the Safe Schools Committee is scheduled for Monday January 5, 2015 at 6:30 p.m. at the ESC.
