ADMINISTRATION

Administration Position Descriptions

It is the intention of the board of school directors that each administrative position shall have a clearly defined job description.

The board of school directors will establish by policy the job description for the superintendent. The superintendent is directed to prepare other such descriptions and maintain them in a functional and up-to-date manner. These descriptions are to be available in the office of Human Resources and on the district intranet system with copies available to the board of school directors.
