

# **HATFIELD ELEMENTARY SCHOOL**

## ***2020-21 Title I Schoolwide Policy***

***Mr. Wes Heinel, Principal***

Children benefit when home and school share responsibility and are active partners in their child's education. Hatfield Elementary School supports active parent involvement and parent participation in the education of their children through the Title I federally funded schoolwide program. This program allows all students to benefit from additional support when needed.

To achieve this partnership in the Title I Program, Hatfield Elementary School will:

- Involve parents/guardians in the planning, designing and implementation of the Title I program through meetings and parent compacts.
- Show parent committee representatives the guidelines and compact for approval before distribution.
- Hold an annual meeting to inform parents/guardians about the Title I program, their involvement, and the school's participation in the program. Information will be sent home to families who cannot attend.
- Provide school and parent/guardian requested meetings at various times throughout the day, including the opportunities for workshop and materials to help improve student achievement.
- Provide reasonable support to encourage parent/guardian participation in Title I activities.
- Encourage ongoing communication by providing parents/guardians with results of the academic assessments used to measure student progress, progress reports, and conferences, so that they are aware of their child's progress.
- Conduct an annual evaluation of the content and effectiveness of the parent involvement and the school/parent compact, and provide for timely response to suggestions.
- Communicate information to parents/guardians in a language and format that they understand. Faculty members are available to assist parents of English Learners (ELs).

***We welcome the involvement of parents at Hatfield Elementary School!***
